

KUBAN STATE MEDICAL UNIVERSITY

ABOUT

The Kuban State Medical University was founded in 1920 by the Government of the Russian Federation and to date, it is considered as one of the ancient Universities of Kuban and one of the Top Medical Universities of Russia. The authority of the founder is supervised by the Ministry of Health of the Russian Federation. The university occupies a special place in the structure of higher professional education in Russia thanks to the quality management system of vocational education. Kuban State Medical University is among the 5 premier Universities of Russia that work with biological materials. The University has a renowned name for medical education among international students, especially Indian students- to pursue MBBS in Russia. The Center for Practical Skills was created with the aim of solving fundamentally important issues of medical education; to master the skills of a doctor without causing harm to the patients. KSMU provides training in the field of medicine, pharmacy, which is conducted by highly-qualified specialists.
