

PSKOV STATE UNIVERSITY

ABOUT

Pskov State University, Russia, is one of the renowned public institutions offering higher education in Russia.

The university was established in 2010, by merging five leading educational institutions of the Pskov region:

Pskov State Pedagogical University named after S.M. Kirov (1932), Pskov Polytechnic Institute (1960), Pskov Civil Engineering and Economics College (1966), Pskov Industrial College (1958) and Velikiye Luki Civil Engineering College (1952).

The Academic structure of the university consists of 16 faculties including medical education faculty and more. PskovSU today includes more than 10,000 students and over 500 teachers, among them there are Honored Teachers of Russia, Honorary Workers of secondary vocational education, and Candidates of Science. The university widely implements innovative approaches to teaching and research activities.

The university has fully equipped advanced classrooms with modern equipment, laboratories, workshops, 10 computer labs, a large sports hall, a conference hall for 300 people, and a library with a loan department. Pskov State University is one of the largest research centers and a training base for scientific personnel in the Pskov region and the North-West of Russia.

The university offers the best education to all its students who are pursuing MBBS in Russia and also ensures the holistic development of each student. At the university campus, there are different sports sections such as basketball, volleyball, football, and table tennis. The university further offers various extracurricular activities for the students to actively participate in various events. At the university, students are provided comfortable accommodation with 11 well-furnished dormitories, which are designed for 3022 persons. There are reading rooms, common rooms, fitness rooms, sports grounds, a leisure center, Internet access, and more to ensure adequate living conditions for the students.
